DURAMOLD™ REAL WORLD RUGGED — TESTED TOUGH

Rubbermaid's exclusive Duramold™ technology exceeds the highest performance standards in the industry. We test and retest our products to meet rigorous durability standards, and our new material handling products are no exception. Real-world rugged durability, innovative technology, and best-in-class features combine to create longer-lasting products that carry heavy loads—and make your work easier.

DURAMOLD™
precision engineered resin and
steel composite decks
HOLD & TRANSPORT UP TO
2500 lbs.
of weight load capacity

40 buckets of sheetrock compound weigh over 2,400 lbs—that's a load!

WILL NOT WARP, DENT, SPLINTER, RUST, OR ROT

Tough, resilient surface absorbs impact and provides quiet operation. Virtually maintenance-free; resistant to most chemicals, impervious to water damage, and easily cleaned.

Metal—dents and rusts

Wood—splinters and rot

MOVE LOADS SAFELY AND EFFICIENTLY

The variable grip-height handle on our carts and trucks improves maneuverability and reduces muscle strain for most every user, regardless of height.

TRADITIONAL CART HANDLE DESIGN

Angled handle helps keep wrist and bones in forearm aligned for optimum leverage while turning.

IMPROVED VARIABLE GRIP-HEIGHT HANDLE

DURAMOLD™

Duramold™ decks are formed from a precision-engineered resin and metal composite structure that is lighter than typical steel/wood products without sacrificing strength, which enables weight reduction and improved ergonomics.

PUT YOUR EFFORT INTO MOVING YOUR PAYLOAD, NOT YOUR TRUCK

DURAMOLD™ HAS THE HIGHEST STRENGTH-TO-WEIGHT RATIO

when compared to metal, wood, and solid plastic decks.

35%

lighter weight construction to transport the same payload

Duramold™ resin and metal composite structure is recyclable.

TradeMaster® Mobile Cabinets and Work Centers

Easily transport tools and supplies where you need them.

- Features locking cabinet doors and 4" deep drawers for versatile tool and supply storage and organization
- Drawers feature commercial-quality, ball-bearing slides
- Metal-reinforced structural foam shelves engineered for durability
- Arrives 90% assembled

Heavy-Duty Utility Carts

Transport materials, supplies, and heavy loads securely in almost any environment.

- Available in pocket-shelf or flat-shelf models
- Variable grip-height handle improves control and worker safety
- Executive Series™ version features Quiet Casters

Pocket-shelf models feature:

- Integrated V-notch to hold pipe and conduit securely for safe cutting
- Deep pocket shelves to keep loads secure

Flat-shelf models feature:

- Large, flat top shelf for oversized loads and smarter work surface
- Lower pocket shelf to keep loads secure

STAY ORGANIZED

Easy-reach tool/accessory hooks provide additional storage.

WORK MORE EFFICIENTLY

Built-in tool holster and caddy keep items at hand and in place during transport.

CUSTOMIZABLE

Molded-in fittings allow you to add pipe or rods to hold wire spools and other roll-type goods.

CASTER OPTIONS ARE AVAILABLE ON MEDIUM AND LARGE CARTS

Pneumatic casters provide a cushioned and quiet ride for fragile loads, making them ideal for rough and uneven surfaces, inside and out. Excellent on virtually all surfaces from smooth concrete to gravel.

TPR casters absorb shock and provide floor surface protection and quiet operation. Excellent on linoleum, tile, terrazzo, wood, smooth concrete, and carpet.

CART SIZES:

CAPACITY RANGE (lbs)
500–750

CASTERS TO MEET YOUR NEEDS

Rubbermaid's best-in-class heavy-duty casters have been specially chosen for each of our products to meet your most demanding environments.

POLYOLEFIN

Hard-tread polyolefin casters roll easier than soft tread casters. Nonmarking, impact- and chemical-resistant casters won't flat-spot under static loads or pick up metal shavings, nails, and other debris.

PNEUMATIC

Pneumatic casters provide a cushioned and quiet ride for fragile loads, making them ideal for rough and uneven surfaces, inside and out.

THERMOPLASTIC RUBBER (TPR)

TPR casters absorb shock and provide floor surface protection and quiet operation. Chemical- and water-resistant.

Polyolefin

Pneumatic
